

Hi! I'm
C.R.
Chippy

Welcome to the Prince Gallitzin Campground Geocache Adventure!

This geocaching adventure will take you on a 2-mile walk/bike trail at Prince Gallitzin State Park. The trail loops around the outside perimeter of the Crooked Run Campground.

I have placed ten geocaches for you to find on this adventure.

Each one describes something interesting about Prince Gallitzin State Park. You will have lots of fun learning about my park and about some of the fun things that the campers do throughout the camping season.

And for extra fun, there is an Activity Page that you can download and print before you come, or you can pick one up at the Park Office or Campground Office. Find all ten geocaches and complete the Activity Page, and I will issue you a Certificate of Completion!

Walking or biking is a must on this adventure.

Parking is available at the Visitor Parking Lot at the entrance to the Crooked Run Campground!

Just think of the exercise you will get!! And you may meet some of my Campground friends along the way!

Caches 1, 2, 3, 4, 5, 6, 8, 9, and 10 are Pet-friendly. Only Cache 7 is in the "No Pet Area" of the Campground, so your pet won't be able to help you find this cache.

I have placed all ten geocaches within 75 feet of the trail. So... stay on the campground trail until you get near the coordinates. I want to protect my forest friend's natural environment. Please don't bushwhack a new trail to the caches.

Happy geocaching!!!

To find the Activity Page, close this window and click on the link to the C. R. Chippy Activity Page.
