

HOW TO ADD THE GEOCACHING APP TO YOUR SMART PHONE

1. Go to the APP store on your smart phone.
2. Search for the "GEOCACHING" APP. There are several APPs available.
3. Select the APP "GEOCACHING®" with the Registered trademark next to it.
4. This is what it looks like in the iPhone APP Store

5. Press the "GET" button.
6. "GET" changes to "INSTALL".
7. Press the "INSTALL" button.
8. A sign in page to the APP store opens. Enter the e-mail password you use for your APP Store.
9. Select "BUY".
10. The system will send you a verification code. Enter the code when asked to do so.
11. Go back to the APP Store.
12. A "BUY" button should be displayed. The APP is free. Push the "BUY" button.
13. The main page of GEOCACHING should be displayed.

14. Select Sign Up.
15. Enter the following information when requested:
 - a. E-mail address – This will be your e-mail address used for geocaching.
 - b. User Name: - This will become your on-line nickname and login name.
 - c. Password – This will be the password you use for the Geocaching website.
16. To be sure the Geocaching website open to your part of the country:
 - a. Go to your phone SETTINGS.
 - b. Scroll down the list and find the Geocaching APP symbol and click on it.
 - c. You must set ALLOW LOCATION ACCESS to "While using the APP". Geocaching will show you the nearby caches wherever your phone is when you log into Geocaching.

Congratulations – You are ready to GEOCACHE!! 😊
